

## Request for PCR Plates with Custom Barcodes

The USA Scientific custom barcode service is for 96- and 384-well skirted and semi-skirted PCR plates. Barcodes are printed on 62 x 6 mm (approx.) white labels which are applied to the side (skirt) of the plate.

The minimum order quantity is 1,000 plates. This applies to each type of plate and/or color. Orders for mixed or assorted colors cannot be accepted. Please fax your completed request form to 352-351-2057. Forms may also be emailed to [Infoline@usascientific.com](mailto:Infoline@usascientific.com).

### Step 1: Select plate type and color

Plate type (check one)

- Semi-skirted, TempPlate III, 1402-9200 series
- Skirted, TempPlate V, 1402-9800 series
- 384-well, TempPlate HD, 1438-4600 series

Plate color (check one)

- |                                  |                                 |
|----------------------------------|---------------------------------|
| <input type="checkbox"/> Natural | <input type="checkbox"/> Red    |
| <input type="checkbox"/> Blue    | <input type="checkbox"/> Violet |
| <input type="checkbox"/> Green   | <input type="checkbox"/> Yellow |

### Step 2: Select bar code type and multiplier

Code type (check one)

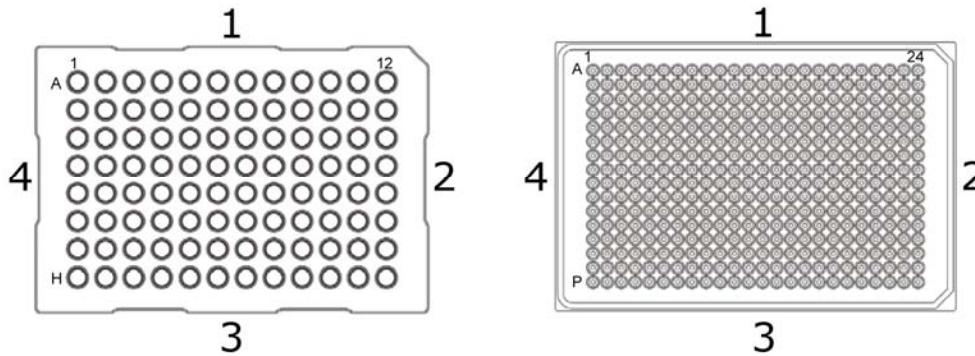

- Code 128
- Code 39
- Interleaved 2 of 5

Multiplier (check one)

- 5mls
- 10mls
- 15mls

Bar code types include human-readable characters.

### Step 3: Indicate the required placement of the bar code label by circling a number on the diagram below.

### Step 4: Enter the format and start number of your sequence and the total quantity of plates required.

---

### Step 5: Please print your name, company, phone number and/or email address below.

---

---

### Step 6: Samples and price quotation

Based on the information provided, we will create sample plates with barcode labels for you to test. Your sales representative will provide a price quotation.

When you have tested and approved the samples, please enclose a copy of this completed form and your signed custom price quote with your order. Orders may be placed by calling 1-800-522-8477 or faxing 352-351-2057.
