 If Yes, → Position of Human Readable:     Above     Below     Left     Right    of the barcode.

Bar Code Type (i.e. 128A, 128B, 128C, 2/5 Interleave etc.): \_\_\_\_\_

**Label Specifications:** (only fill out if NOT standard label size, color, etc.)

Bar Code Label Color:	Custom Label Size (mm):
Quiet Zone (mm):	Check Digit? <input type="checkbox"/> Yes <input type="checkbox"/> No
Printed Area No Greater Than (mm):	<i>Please note, standard GREINER labels, ink, and adhesive used on bar-coding are DMSO resistant and withstand freezing to -80°C</i>

For Multiple Bar Codes Per Plate: (If you require more than one barcode per plate, please select the appropriate statement)

I want the same sequence on each label per plate (i.e. 2 labels = H1000 & H1000)

I want sequential sequences on each plate (i.e. 2 labels = H1000 & H1001)

Other (please specify): \_\_\_\_\_

<b>Sequence Information:</b>	Sequence Start:
Total Number of AlphaNumeric Characters:	Sequence End:

**SECTION 3**

Referencing the plate picture, check all the sides to be barcoded. Then, use the Barcode Label Alignment table to select the desired horizontal and vertical alignment for each barcode label. You may use the Barcode Label Placement Diagram for reference.

Barcode Label Alignment		
	Horizontal	Vertical
S1		
S2		
L1		
L2		

Please Note: The notched side of the plate is always considered S1, irrespective of where the alphanumerics are located.

**Barcode Label Placement Diagram**

LEFT / TOP	CENTER / TOP	RIGHT / TOP
LEFT / CENTER	CENTER / CENTER	RIGHT / CENTER
LEFT / BOTTOM	CENTER / BOTTOM	RIGHT / BOTTOM

**SECTION 4**

I Accept → By selecting "I Accept", you agree that all the information presented in this form is accurate and complete, and you authorize production of:     Sample    or     Order with receipt of PO

Print Full Name: \_\_\_\_\_ Date: \_\_\_\_\_

<b>Re-Enter Sequence Information:</b>	Sequence Start:
Total Number of AlphaNumeric Characters:	Sequence End:
